

NIH Policy Manual

Rescissions of NIH Manual Chapters 1190 and 3050 through 3056

Issuing Office: OIR/OTT 496-7057

Rescission Date: 6/23/03

1. **Explanation of Material Transmitted:** The Office of Technology Transfer (OTT), Office of Intramural Research, NIH, is responsible for issuing patenting and licensing policy for the Department of Health and Human Services. Policy is approved by the PHS Technology Transfer Policy Board and applies to several other agencies, including NIH. Because policy information pertaining to patenting and licensing is maintained on the OTT Website, the NIH Manual Chapters listed below are duplicative and are, therefore, being rescinded. Patenting and licensing policy information is available on the OTT Website at: <http://www3.od.nih.gov/ott/>.

2. **Filing Instructions:**

Remove: The following 8 NIH Manual Chapters:

1190 - Patents and Inventions

3050 - Transmittal of Employee Invention Reports to the NIH OTT

3051 - NIH Procedures and Criteria for Waiver to Inventor Rights to Intramural Inventions

3052 - NIH Procedures for Handling Requests for Waiver of U.S. Manufacturing Requirement Relating to Intramural Inventions

3053 - NIH Cooperative Research and Development Agreement Procedures

3054 - NIH Procedures for Handling Non-Election of Title to Patentable Biological Materials

3055 - NIH Procedures for Handling Requests for Waiver of Rights in an Extramural Invention

3056 - NIH Procedures for Handling Requests for Waiver of the U.S. Manufacturing Requirement. in Licenses to Extramural Inventions

Insert: None
